Goals

- Create people-centered systems that empower all stakeholders -- from donors to staff to beneficiaries -- to build safe, positive environments for all to thrive, especially children.
- Train individuals to mitigate risks, protect children, recognize maltreatment, positively handle discipline and challenging behaviors, and foster resilience.
- Share resources, information, and contacts among organizations to improve protections.
- Connect individuals, organizations, agencies, and businesses working with children in international aid and development.

Consultancy

There are many pieces to put together to have a robust child safeguarding program. Even with templates, worksheets, and manuals, you may want more support. Child Protection Toolkit can help. We provide:

- Training & Workshops
- Policy Writing
- Editing & Review
- Evaluations & Audits
- Personalized Training Videos
- Training Resource Banks

We understand budget and resource restrictions, and will work with you to create a consultancy package that fits your organization's time, needs, and budget.

CPT utilizes technology to reduce costs and provide personalized service.
